The TakeCare Durham Peer to Peer Group Program is a free, 9-week small group experience led by trained TakeCare Community Facilitators. Grounded in TakeCare's evidence-based Whole Health approach, the program brings together 6 to 10 participants to reflect on what truly matters to them and why they want health and well-being in their lives. Rather than offering advice or prescribing solutions, facilitators guide participants in exploring their personal goals and values, building support, and taking simple, meaningful steps toward caring for their Mind, Body, Spirit, and Community. TakeCare Durham also has programming targeted for transition-aged youth (ages 13–18). This free opportunity includes meals at every session, a certificate of participation, and
